 Blade Cropper
 1.2mm
 (TS100)

LEVER CROPPER/SHEARS (LC300) and THROATLESS SHEAR/ CURVED BLADE CROPPERS - designed for cutting steel sheet and/or round bar. Can be bolted down for maximum leverage.

The CORNER NOTCHERS have a cutting angle fixed at 90° and can notch 150mm (CN150) or 80mm (FN80) notches. Blade guards are fitted as standard. The CN150 can be bench mounted or has an optional stand (available separately). Adjustable guides allow accurate repeatable notches which are impossible to replicate on lower quality machines. Both machines are fitted with two sheet stops.

SPECIFICATIONS								
Model	Max. Notch	Max. Thickness	Length	Width	Height	Weight		
CN150	150mm x 150mm	1.5mm	470mm	500mm	500mm	85Kg
