WNS Pneumatic Planishing Hammer.
 610mm Throat x
 1.5mm Capacity. (PH610)

Additional Dies also available separately.

WNS PNEUMATIC PLANISHING HAMMER (PH610) is used for shaping sheet metal by hammering against a shaped surface. Pneumatic Hammers vastly speed up the process by striking thousands of blows per minute. Planishing is a process used in auto body repair and sheet metal craft work such as medieval armour production. The hammers has a Hardened Steel Hammer Head and Stainless Steel Main Shaft and comes complete with 1 top die, 4 lower dies, a lubricator, filter/regulator, hand wheel and foot pedal.
